

BAIC

BJ80

OFF ROAD VEHICLE

BAIC ORV(BAIC Off-road Vehicle) is the originator of China's military off-road vehicle. Produced by BAIC, the classical and miraculous BJ212 is the starting point of the development of China's military command vehicles. Since 1984, BAIC and AMC produced JEEP series products. After decades of producing of military products, BAIC ORV have become the leading flagship of off-road SUV, with independent researching, developing and producing teconologies.

1958

BAIC produced the first sedan of China: "Jinggangshan" Sedan

1961

BAIC developed the first light off-road vehicle of China, and BJ210/212 had been China's most popular model for three decades.

1966

BAIC developed the light truck BJ130 and became the largest producer of light trucks in 1975

1984

Beijing JEEP
The first Sino-foreign joint venture of China's automotive industry and achieved the historical inheritance of off-road vehicle

1996

FOTON
Dual development of passenger car and commercial vehicle

2002

Beijing Hyundai
was established and its production and sales volume exceeds one million per year.

2005

Beijing Benz Automotive Co., Ltd. was established and it has built the world's largest and most comprehensive passenger vehicle manufacturing base of Mercedes-Benz

2009

Purchasing SAAB to absorb overseas advanced standard to enhance self-owned brand development.

2010

Full-scale acceleration of self-developed products.

2012

Self-developed series SENOVA was established.

2013

Become one of the Fortune Global 500 for the first time. The launch of EV150, BAIC's first electric vehicle, technological change from gasoline car to electric car.

2015

X25 the launch of BAIC's first SUV product

2017

Ranked 137th in the Fortune Global 500 BJ80 used again as the president's vehicle at the military parade to mark the 90th Anniversary of PLA.

2018

60th Anniversary of BAIC.

2019

Baic Group's turnover exceeded 500 billion yuan.

Power

Professional off-road chassis and powertrain, Low-consumption and high-performance 3L twin turbo, with world-leading interruption-acceleration performance

Interior

Wood grain trim adding to the elegance and steadiness of the interior, Coreless designed multimedia system, multi-functional leather steering wheel, well-organized layout, setting the grand and luxury tough tone of the interior

Exterior

Chrome plated decorative parts run through from the front grille, fender air-inlet grille to the side mirrors, door handle, rubbing strip, side footboard and spare tire cover, etc. , The vehicle exterior is a perfect integration of straight lines and edge angle, with the front and rear bumpers, wheel brow, mirror and other models fully protruded, revealing an intensively vigorous and tough off-road style, The design style inherited from the classic Military Vehicle, and combined with the five-hole grill family feature of "Great Wall"

Leader Of Safe Driving And Control Extraordinary Experience

Gushing Power

High Performance SAAB Turbo Charge Engine, Pure off Road, Free To Advance

Follow Your Rhythm Like There Is No Limits
Driving Your Tempo Like There Is No Boundaries

Minimum Ground Clearness Up To 215mm, No Fear With
Rough Direction, Better Than Non-Integrated Type Body of
Benz G500's , Safer And Wilder.

Approach Angle 39, Departure Angle 33°, Ramp Breakover
Angle 25, High Strength Non-Integrated Type Body

Reveal off-Road Nature

Military Grade Power System of Chassis,
