

# BAIC PASSENGER CAR

BAIC SENOVA, a new sedan series, was built up based on the acquisition of SAAB core intellectual property. Owning many automobile technologies, SAAB's persistent pursuit in technology and safety makes it Swedish royal vehicle. Inheriting the performance gene of Saab, BAIC absorbs SAAB's technical solution, quality system and inspection standard, transforms them into its own business chain flow, and forms its unique product advantages – TESC (Turbo, Equipment, Safety, Control). In May 2013, the first sedan, SENOVA D70 was officially launched, has now become one of the classic vehicles of BAIC Group.

1958
